- 1 pair (2 x).

Type	Ø pipe		###	Order Code
	DN	External dimension [mm]		
BigFixlock B DN 40	40	48.3	1	M66259.245
BigFixlock B DN 50	50	60.3	1	M66259.345
BigFixlock B DN 65	65	76.1	1	M66259.445

### Advantages

The "BBigFixLock quick-connection system is characterised by its quick and easy installation. During installation, the pipes are laid out end to end with a specially shaped sealing ring, and grey cast iron half-shells are placed around the pipes in such a way that they lie in the beading of the pipe ends. The half-shells secure both the pipe ends and the seal in place.
