Connection clamp with male-threaded connection.

- 1 pair (2 x).

Type	Ø pipe		###	Order Code
	DN	External dimension ["]		
BigFixlock R DN 40	40	R 1 1/2" M	1	M66259.26
BigFixlock R DN 50	50	R 2" M	1	M66259.36
BigFixlock R DN 65	65	R 2 1/2" M	1	M66259.46

Advantages

The "BBigFixLock quick-connection system is characterised by its quick and easy installation. During installation, the pipes are laid out end to end with a specially shaped sealing ring, and grey cast iron half-shells are placed around the pipes in such a way that they lie in the beading of the pipe ends. The half-shells secure both the pipe ends and the seal in place.
